Dhinakaran Assistant professor Department of Computer Science Periyar Maniammai Institute of Science and Technology Dr. K. Anbarasu Associate Professor Department of Biotechnology Periyar Maniammai Institute of Science and Technology	UG and PG Students from PMIST
Date / Period: 06-03-2025 Time: 3.00 p.m. to 4.00 p.m. Report/Summary/Key points discussed: The Short Film Competition 2025 was successfully conducted on March 6 at Marie Curie Hall, PMIST, jointly organized by the Department of Biotechnology and the Department of Mathematics. The competition aimed to raise awareness on critical social issues, including drug abuse, cyber safety, and environmental sustainability, encouraging students to use the medium of short films to express their perspectives creatively. A total of nine short films were submitted, each evaluated based on storytelling, technical quality, and relevance to the theme. The entries showcased the students' ability to translate pressing societal concerns into compelling narratives, demonstrating both creativity and technical skills. The First prize Award was won by <i>Some Thingwrong</i> , which delivered a powerful message on environmental sustainability, highlighting the urgent need for		51

conservation efforts. The Second prize Award went to <i>Lastneo</i>, a thought-provoking short film that effectively depicted the dangers of drug abuse and its impact on society. Despite receiving a modest number of entries, the competition was a resounding success in fostering awareness, sparking discussions, and encouraging student engagement in addressing social issues through filmmaking. The event provided a platform for young filmmakers to showcase their talent while also contributing to meaningful conversations about pressing global concerns.
