Dear Dr A.E. Narayanan,

Greetings from MathWorks !

My name is Subhajit and I am from the customer success team at MathWorks. I work alongside Mr. Praveen Umashankar and we have great news regarding access to your MATLAB campus license! MathWorks has simplified the workflow for end users by enabling a custom portal for Institutes with a Campus-Wide Suite.

Periyar Maniammai Institute of Science & Technology has chosen MATLAB Campus-Wide Suite which provides MATLAB for Everyone, Anywhere. Your faculties and students will be excited to have open access to MATLAB, Simulink and more than 100 toolboxes.

MathWorks will help you get MATLAB deployed to Periyar Maniammai Institute of Science & Technology community. We want to make sure that you have the right resources at the right time. We'll work with you and your colleagues to:

- Install and deploy the license.
 - Announce the license to existing MATLAB users, who will be excited to have unlimited access to the tools they need to teach their courses, conduct research, and complete project-based assignments.
- Customized MATLAB portal for Periyar Maniammai Institute of Science & Technology.
- Deliver proactive communications to promote the license to everyone on campus, helping Periyar Maniammai Institute of Science & Technology gain additional value from the license.

As next step we would like to schedule an onboarding webinar on **upcoming Thursday or Friday between 10 am to 4 pm** for all IT staff members to showcase the product Install demo and important steps to roll out the MATLAB license.

Thanks & Regards,

Subhajit Goswami
