## **OBJECTIVES OF THE PROGRAMME**

1. To provide faculty with a comprehensive understanding of Accounting Information Systems (AIS) and their relevance in modern accounting practices.
2. To equip participants with the skills required to incorporate AIS into accounting research for innovative and data-driven outcomes.
3. To offer practical exposure to AIS tools, software, and technologies commonly used in accounting and financial analysis.
4. To guide faculty on leveraging AIS insights for publishing high-quality research articles in reputed journals.
5. To keep participants informed about emerging trends and advancements in AIS for academic and professional growth.
6. To create a platform for faculty members to connect, share ideas, and collaborate on interdisciplinary research initiatives.
7. To foster analytical and problem-solving skills in the application of AIS for addressing real-world accounting challenges.

This program aims to bridge the gap between technology and research in accounting, empowering faculty members to lead advancements in the field.

## **Outcome of the FDP**

- Faculty members gained a comprehensive understanding of the key elements of AIS, including its role in business decision-making and emerging trends in accounting technology.
- Hands-on training was provided on Tally Prime Gold accounting software, covering topics such as company creation, accounting masters, recording transactions, inventory management, taxation, and compliance.
- Faculty members were trained on various teaching and learning management tools, including MCQ and e-content tools.
- Participants learned about various online tools, including Google Forms and Canva.
- Sessions were conducted on research papers, highlighting research tools such as Research Rabbit, Scite, and AI Researcher.
- Faculty members gained insights into MoUs and funded research projects.
- The final session covered statistical tools, including Orange and GraphPad Prism.

Overall, the Faculty Development Programme (FDP) served as an essential platform for faculty members, offering them comprehensive guidance, expert insights, and motivation to enhance their teaching and research skills, ultimately empowering them to excel in their academic careers and stay abreast of the latest developments in their field.

## **Overall Feedback from the Participants**

The FDP was an essential platform for faculty members, offering them a unique opportunity to develop new skills, gain expert insights, and enhance their teaching and research capabilities. The programme was well-structured, informative, and engaging, and provided faculty members with the tools and motivation they needed to succeed in their academic careers.
