PROGRAMME REPORT ON

**Guest lecture-Potent of next generation bamboo solution,
innovation and Design**

Resource Person

Suthagar Selvaraj

Organized by

Bio-Tech- PMIST

Name of the programme	Potent of next generation bamboo: Solution, Innovation and Design
Date	19.09.2024
Venue	Valluvar hall, PMIST
Number of Participants	340
Resource Person:	Mr. Suthagar Selvaraj, Founder, Arola Bamboo Products Pvt, Ltd Madurai.

Report of the Event

OBJECTIVE: This guest lecture objective focus on showcasing how next-generation bamboo is being used creatively in various sectors like construction, fashion, consumer goods, and health products.

SUMMARY: The guest lecture on "Potential of Next-Generation Bamboo: Solution, Innovation, and Design" explored the transformative role of bamboo in fostering a sustainable future. The speaker discussed the environmental benefits of bamboo, including its rapid growth, carbon sequestration capabilities, and low resource needs, while showcasing innovative applications across industries such as construction, fashion, health, and consumer goods. The lecture highlighted cutting-edge bamboo-based materials and products, demonstrating how they are revolutionizing design, minimizing waste, and contributing to a circular economy. Attendees gained valuable insights into how next-generation bamboo is offering eco-friendly solutions to modern challenges and driving innovation.

OUTCOME: The outcome of the guest lecture on "Potential of Next-Generation Bamboo: Solution, Innovation, and Design" was an increased understanding of how bamboo can be harnessed as a sustainable and innovative material across various industries. Attendees gained insights into the environmental benefits of bamboo, such as its rapid growth and carbon sequestration properties, as well as its role in reducing waste and promoting a circular economy. The lecture also showcased practical applications of bamboo in construction, textiles, consumer goods, and healthcare, inspiring new ideas for incorporating bamboo-based solutions into modern design and product development. Ultimately, participants left with a deeper appreciation for bamboo's potential to drive sustainable innovation and contribute to a greener future.
