Seminar on Role of Physical Sciences on expound global challenges"- Report

The Department of Chemistry, Biotechnology and Internal Quality Assurance Cell (IQAC) jointly organized a Seminar talk on “Role of Physical Sciences on expound global challenges” on 31.01.2020 between 10.00 am and 12.30pm in Marie Curie Hall. Dr. S. Gomathi, Head, Department of Chemistry introduced the resource person, Dr. D.Rajagopal, Professor, Department of Chemistry, School of Advanced Sciences, Vellore Institute of Technology and his academic and research achievements in organic synthesis, drug design and medicinal chemistry. Nearly 58 students of Undergraduate, Postgraduate students, Research scholars and Faculty members of Chemistry and Biotechnology were benefited from the seminar talk. The Resource person explained the recent research on drugs related to heart diseases, docking studies and synthetic route to synthesize medicinally important small organic molecules. He also explained the basic knowledge and applications of biologically important molecules in day today life. He interacted with the students and rectified the doubts raised by the students. Dr. S. Kumaran, Associate Professor, Department of Biotechnology proposed vote of thanks.
