Report

Teacher's day is celebrated all across the India every year on 5th of September to pay tribute to the teachers for their invaluable contributions towards the society and country. 5th of September is the birthday of Dr. Sarvapalli Radhakrishnan, a Man highly devoted towards education. He was the President of India, Scholar, Diplomat, and most importantly a Great Teacher. After his selection as the President of India in 1962, he was asked permission to celebrate his birthday on 5th of September. He said, instead of celebrating 5th of September as birthday, it would be better appreciated if the Day was dedicated to all the Teachers of the country. Thus 5th of September came to be celebrated as Teacher's Day all over India in honor of the teaching profession.

Teacher's day was celebrated by the B.Sc B.Ed. students with lot affection and fun activities. Skits, Speeches, Fun activities for Teachers and students both were organized, to show the teachers love and gratitude. The teachers enjoyed the day with their students thoroughly.

In the morning session, students dressed up as teachers and also assume their role by taking classes for First, Second and Third year, afternoon session started with the motivational speech given by HOD and Dean PMIST, on importance of student teacher relationship and positive learning environment for the students. Then students performed special cultural program for their teachers to make them happy and feel special in every way possible which include felicitation of teachers and various interactive games too. Program was concluded by vote of thanks by third year student , National anthem followed by Refreshment.

88 students were participated in the programme.
