

## **Interaction programme on “ Importance of Science and Technology”**

Department of Social Work, PMIST organised interaction programme on “ Importance of Science and Technology” at Government Higher Secondary School for Blind on 12.03.2019. Ms. Jennifer Bliss, STEM consultant, Iowa Educational Service for the Blind and Visually Impaired from USA participated as resource person. She also conducted an interaction session with the teachers of the school on teaching methodology in US and Tamilnadu for children with blindness. Nearly 160 children of the school and 10 teachers participated in this programme.
