### Report of the Event

Department of Software Engineering has organized a Webinar on “**Creative Matte Painting (Where|When| How)**” at 25.09.2021 through Google Meet to B.sc, Animation & Multimedia, B.Sc Computer Science and M.Sc., Software Engineering students. The Webinar aims to motivate the students to tune their mind to become a basic idea behind matte painting is that a portion. The resource person Mr. M.Radhakrishnan, MFA delivered the lecture and explained about the photography technique, matte painting has been used by the real time environment. Resource person Clearly viewed and practically explain the principal of matte painting. He explained development of the Basic Film Editing technique, He explained development of Modern matte artists might create entire landscapes or small set pieces such as statues or buildings to be digitally composited into footage, he also discussed the evolution of modern matte, digital art programs like Photoshop and Illustrator in addition to relevant 3D modeling . Resource person shared his own experience on Creativity, Passion, Motivation and service knowledge. Various universities and Colleges students are actively participated and shown their interest by asking questions.

<b>Description of the Event / Activities / Competitions:</b>  <p>The Three Day workshop on “Using R Environment for Research – Beyond Statistics” was organized by Department of Management Studies&amp; IQAC from 27<sup>th</sup> to 29<sup>th</sup> September 2021. Dr. S.Mohamed Ali, Senior Lecturer CEO, Chiang Mai University, Thailand was the resource person. Dr.AarthiDhakshana J D, Assistant Professor, Department of Management Studies welcomed the gathering and introduced the resource person. The workshop was conducted online through Google Meet with 46 MBA final year students,4 Ph.D. Research scholars and 6 Faculty members of Department of Management Studies participated in the event. The first session started with the brief introduction about the basics of research and implementation of R software and the further sessions were about giving insights on various statistical tools and its application. This workshop gave hands on experience for the participants on the application of R Software. The various statistical tools were taught and its application in R software was given as hands-on training. The workshop was very useful for all the 58 participants. On the third day, the session ended with vote of thanks by Dr.Arunkumar A, Assistant Professor, Department of Management Studies.</p>

### Report of the Event

Department of Software Engineering has organized a Webinar on “An Overview of Big Data Analytics” on 29.09.2021 through Google Meet to B.Sc Computer Science and M.Sc., Software Engineering students. The Webinar aims to motivate the students about current technology and to make them to understand the basic idea behind Big Data Analytics. The resource person Dr.A.Arun Gnana Raj, MCA,MBA, Ph.D is currently working as a Software Project Manager & Solution Architect, Quanawat FZ LLC Software Company, DUBAI and he has 14 years of Industrial Experience, The resource person delivered the lecture clearly explained the types, characteristics and applications of big data analytics. He also explained about Cloud Computing technology, Data Recovery, Data Management and Map Reduce technology. The Resource person shared his own industrial experience and practically explained, how to perform analytics with real time data using Microsoft Azure. The Students from Various University UG, PG and research scholars are benefitted and raised various questions at the end.

#### **Report of the Event**

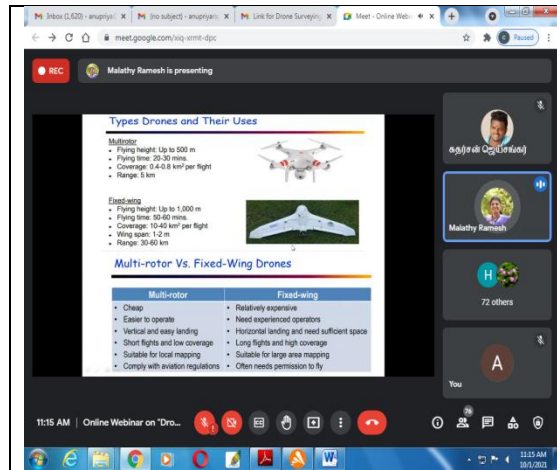

On line webinar “Drone Surveying” on 1<sup>st</sup> October 2021 in Virtual mode was organized by the Department of Civil Engineering for our II, III & IV Year Civil Engineering students. Dr. B.Anupriya, Associate Professor, Department of Civil Engineering coordinated the Webinar. Dr.V.A Shanmugavelu Associate Professor & Head, Department of Civil Engineering delivered the Welcome Address.

Dr.R.Malathy, Professor& Dean, Sona College of Technology, Salem, presented the “Introduction on Drone Surveying” and covered the areas like types of drone, components, application of drone in smart city works.

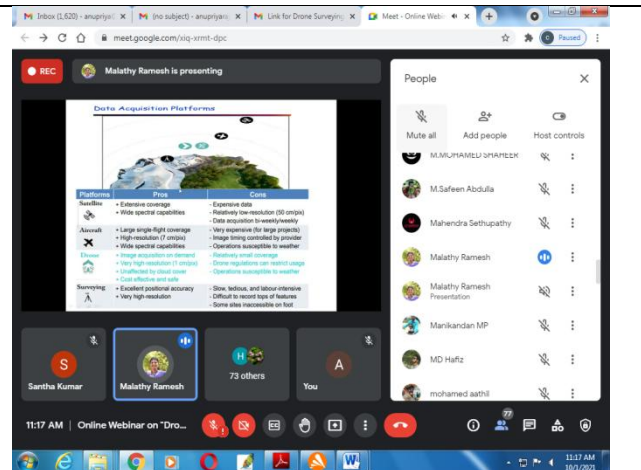

The session was continued by Dr.M.N.A.Gulshan Taj, Associate Professor, Sona College of Technology, Salem, explaining the concepts of “Post Processing using Drones”, the software’s used to convert the raw image to an ortho image, its applications, post processing procedures and a project demo.

#### **Workshop Objective:**

Drone or Unmanned Aerial Vehicle (UAV) provides a more complete picture of the work being done with topographic surveys of the same quality using traditional methods. The rise of drone technology is changing the way surveying is done. Drones offer enormous opportunities for surveyors and GIS professionals. With the help of drones, it is possible to carry out surveys and process and deliver surveying data in a timely, accurate and safe way. Using drones for surveying and mapping has many advantages. Drones as a tools that increase communication between construction participants, improves site safety, uses topographic measurements of large areas, with using principles of aerial photogrammetry is possible to create buildings aerial surveying, bridges, roads, highways, saves project time and costs. 120 students of II, III & IV year Civil Engineering students participated and benefitted from the webinar.

### Report of the Event

The Department of Chemistry, Biotechnology and IQAC jointly organized an International Webinar on “Microscopy and Chemistry” on 03.11.2021 between 11.30 am to 12.30 pm through online using Google meet platform. The session was started with the welcome address by Dr. S. Gomathi, Assistant Professor and Head. The resource person gave an idea about the scope of microscopy in various research fields like nano-materials, corrosion studies and other metal complexes. He also interacted about the various stages in the development of high resolution microscopic techniques. A total of 68 participants including undergraduate, postgraduate, research scholars and faculty members of chemistry and biotechnology department were benefited. The participants have actively interacted with the resource persons and clarified their doubts. The session was concluded by Dr. A. Ashokkumar, Associate Professor and Head, Biotechnology. The session ended with a vote of thanks proposed by Dr. A. Ravikumar, Assistant Professor, Department of Chemistry, PMIST.

Session was headed by Dr. Vijayshankar Ashokan
